

## Bar Cop POS Software setup and purchase:

1. Included in this zip file is the POS software installer. To launch the installer and begin the 30 day software trial, double click on the installer icon.
2. After installation is complete, an online registration window will automatically open. DO NOT register the software before purchase. Close the window and DO NOT register the software while you are still in the free trial period. The software will be registered with your personal registration key that you will receive after purchase is completed.
3. When you are ready to purchase the software before the trial period expires, go to:  
[http://www.barcop.com/bar\\_and\\_restaurant\\_software/POS\\_software.php](http://www.barcop.com/bar_and_restaurant_software/POS_software.php)

To sign up for our free premier bar and restaurant merchant account, go to:
